

## TECHNICAL SPECIFICATION

### Analogue (pointer) panel meters SD72 type for build-in

Analogue devices adjusted for mounting on the front panel of electrical boards. Designed for frequency measurement, capacity, alternating or direct voltage and current of the power supply grid, with overall dimensions 72x72mm. They are manufactured on the basis of bridge measurement schemes. There is possibility for display change for the higher scopes of measuring.

#### Variants

| Type              | Type of the measurement system | Precision class | Range             | Packing / Box (pcs) | Catalogue number |
|-------------------|--------------------------------|-----------------|-------------------|---------------------|------------------|
| voltmeter AC*     | MEMSI                          | 1.5             | 0-500V            | 1 / 50              | 50125            |
| frequency meter** | ME                             | 0.5             | 45-65Hz           | 1 / 50              | 50126            |
| cosφ meter        | MEMSI                          | 1.5             | 3P 400V           | 1 / 50              | 50127            |
| voltmeter DC      | MEMC                           | 1.5             | 0-50V             | 1 / 50              | 50130            |
| voltmeter DC      | MEMC                           | 1.5             | 0-100V            | 1 / 20              | 50131            |
| wattmeter         | MEMSI                          | 1.5             | 0-3000W 1P 240V   | 1 / 25              | 50132            |
| wattmeter         | MEMSI                          | 1.5             | 0-3000W 3P 3 line | 1 / 25              | 50133            |
| wattmeter         | MEMSI                          | 1.5             | 0-3000W 3P 4 line | 1 / 25              | 50134            |

| Type           | Type of the measurement system | Precision class | Range     | Note                    | Packing / Box (pcs) | Catalogue number |
|----------------|--------------------------------|-----------------|-----------|-------------------------|---------------------|------------------|
| amperemeter AC | MEMSI                          | 1.5             | 0 – 40A   | -                       | 1 / 100             | 50118            |
| amperemeter AC | MEMSI                          | 1.5             | 0 – 100A  | current transfer 100/5  | 1 / 100             | 654010           |
| amperemeter AC | MEMSI                          | 1.5             | 0 – 200A  | current transfer 200/5  | 1 / 100             | 654020           |
| amperemeter AC | MEMSI                          | 1.5             | 0 – 400A  | current transfer 400/5  | 1 / 50              | 654040           |
| amperemeter AC | MEMSI                          | 1.5             | 0 – 600A  | current transfer 600/5  | 1 / 50              | 654060           |
| amperemeter AC | MEMSI                          | 1.5             | 0 – 1000A | current transfer 1000/5 | 1 / 50              | 654100           |
| amperemeter AC | MEMSI                          | 1.5             | 0 – 1500A | current transfer 1500/5 | 1 / 50              | 654150           |
| amperemeter DC | MEMC                           | 1.5             | 0 – 5A    |                         | 1 / 50              | 50128            |
| amperemeter DC | MEMC                           | 1.5             | 0 – 100A  | Outer resistor 60mV     | 1 / 50              | 50129            |

**Note:** MEMSI - magnetic-electrical movable steel instrument, MEMC – magnetic-electrical movable coil

\* Possibility for supplying with voltage transformer X/100V for range expanding

\*\* Possibility for voltage 110V, 230V, 400V
